

# 911 COMMITTEE 2019 WORK PLAN

Mission (from statutes):

- Provide a forum to promote and support interagency coordination on matters related to 9-1-1 geospatial data, data sharing, and applications.
- Facilitate 9-1-1 educational outreach and best practice methods to state, federal and local government agencies

2018 Meeting Dates:

<b>911 Committee Meetings</b>	<b>January 3</b>	<b>April 4</b>	<b>July 25</b>	<b>October 24</b>
Council Meetings	February 7	May 2	August 1	November 7

911 Committee Participants:

Chairs: Sandra Dyre, Brian Bond

Voting Members: Jack Avis, Bo Guo, Brian Brady, Jerome Breyer, Patti Egleston, Steve Engle, Sarah Hess, Tom Homan, Boyd Larkin, Jim Meyer, Celso Montes, Eric Shreve, Leslie Stovall, Steve Whitney, Bob Woodhull, Nora Yackley

Public at Large: Sheila Blevins, Scott Carey, Gregory Emmanuel, Laura Herrera, Scott Howell, Johanna Krause, James Lambert, Shea Lemar, Caitlin Montoya, Greg Morgan, Samantha Russell, Thara Salamone, Tammy Schuerman Aaron Seifert, Ben Sher, Susan Smith, James Stilwell, Teresa Villescaz, Howard Ward, Rick Wilson

GOALS AND ACTIVITIES:

1. Provide a forum and structure to discuss items related to a 9-1-1 system to support current and Next Generation 9-1-1 geospatial data, initiatives and technologies
  - Create and sponsor work groups as needed
  - Collect and support repository of completed 9-1-1 System Administrator work flow plans to be able to share with other System Administrator's.
  - Facilitate the statewide needs for 9-1-1 GIS data layers, applications, and coordination
  - Identify potential resources required to carry out proposed activities
  - Coordinate as needed with other AGIC Committees to carry out proposed activities
  
2. Facilitate and coordinate state-wide data sharing to support 9-1-1 systems
  - Create and sponsor work groups as needed
  - Encourage and propagate the message to building a repository of agreement templates between PSAPs and 9-1-1 System Administrator and agreements between 9-1-1 System Administrator and the AZ 9-1-1 Office.

- Serve as a forum to facilitate informational exchange related to a 9-1-1 system between state, federal, tribal, regional, and local governments, the private sector and professional associations.
  - Coordinate as needed with other AGIC Committees to carry out proposed activities
3. Help build repository of educational tools to foster education of 9-1-1 Dispatchers to understand GIS map functions in a Next Generation 9-1-1.
- Creation of a 9-1-1 dispatcher education working group (4 to 5 people) as a mechanism to meet this goal.
  - Outreach to 9-1-1 professionals for feedback and review
