

# AGIC Council 2019

Past Chair: James Meyer

Vice Chair: Steve Whitney

Chair: Gene Trobia

Treasurer: Lucas Murray

Secretary: Shea Lemar

## 911

Sandra Dyre &  
Brian Bond

16 voting members  
38 total participants

- 911 Data Migration
- EMAP Data Uploader
- AZGIV
- 911 Dispatch certification

## Admin & Legal

Eric Feldman

8 voting members  
12 total participants

- Council Member Support
- NSGIC Membership
- Guidelines, Statues and Administrative Issues
- Council Resources and Funding Opportunities

## Conference

Steve Whitney &  
Jami Dennis

12 voting members  
28 total participants

- AGIC Symposium Planning
- GIS Education
- Information Exchange

## Data

Howard Ward &  
Jenna Leveille

21 voting members  
51 total participants

- Data Development and Access
- National Address Database
- NAIP Imagery
- Census/LUCA
- ARNOLD/Transportation Unification

## Outreach

Cheryl Thurman &  
Jenna Leveille

9 voting members  
18 total participants

- AGIC Website
- GIS in Rural Counties
- GIS in the Classroom
- Marketing Materials
- Social Media Platform
- AGIC & GIS News

## 911 Dispatcher Education

Sarah Hess

## 911 Data Sharing

Brian Bond

## Maps & Apps

Shawny Ekadis &  
Cheryl Thurman

## Data Sharing

Steve Whitney/Jenna Leveille

## LIDAR

Mark Christiano/Jenna Leveille

## Natural Resource

Glen Buettner/Jeremy Johnson

## SPCS 2022

Brian Fisher/Jack Avis

## UAS

Chuck Powell/Debby Crouse

## Social Media

Paul Minnick

## AZGeo

Ryan Johnson &  
James Meyer

9 voting members  
24 total participants

- AZGeo Management
- Server Maintenance
- Application Support
- AZGeo Sustainability

Council

Committee

Workgroup

## AGIC Council

### AGIC 911 Committee

Sandra Dyre/Brian Bond

The mission of the 9-1-1 Committee is to provide a forum to promote and support interagency coordination on matters related to 9-1-1 geospatial data, data sharing, and applications, and facilitate 9-1-1 educational outreach and best practice methods to state, federal and local government agencies.

The committee accomplishes this by:

- Providing a forum and structure to discuss items related to a 9-1-1 system to support current and Next Generation 9-1-1 geospatial data, initiatives and technologies
- Facilitating and coordinate state-wide data sharing to support 9-1-1 systems
- Building repository of educational tools to foster education of 9-1-1 Dispatchers to understand GIS map functions in a Next Generation 9-1-1

### 911 Dispatcher Education

Sarah Hess

The 9-1-1 Dispatcher Education team is developing a story map for 9-1-1 Dispatchers to utilize for frequently asked questions.

### 911 Data Sharing

Brian Bond

The 9-1-1 Data Sharing team are building a repository of data sharing tools and documents to support communities in contributing 9-1-1 related to data to statewide data development efforts

## AGIC Administrative and Legal Committee

Eric Feldman

The mission of the Administration and Legal Committee is to support the AGIC Council in matters surrounding its administration and statutory responsibilities. The committee accomplishes this by:

- Tracking Council membership and promote full participation;
- Tracking and promoting sound Council finances;
- Facilitating interagency coordination in support of Council goals;
- Assisting in the development and review of requirements and standards for a variety of projects;
- Interfacing with other organizations that have an interest in the geospatial community of our state.

The Administration and Legal Committee works with ASLD and other AGIC committees to further the agenda of the Council as set in statute.

## AGIC Council

### AGIC Conference Committee

Steve Whitney/Jami Dennis

The mission of the AGIC Conference Committee is to conduct an annual symposium that provides for geospatial information exchange, education and training. This is achieved by meeting the following goals:

- Conducting an annual multi-day conference in support of AGIC's mission, goals, and objectives
- Maximize attendance and sponsorship opportunities
- Provide content in alignment with AGIC goals and current areas of interest

### Maps & Apps

Shawny Ekadis/Cheryl Thurman

The Maps & Apps workgroup works towards maximizing AGIC conference attendee participation in the AGIC's Maps & Apps Challenge.

# AGIC Council

## AGIC Data Committee

Howard Ward/Jenna Leveille

The mission of the Data Committee is to promote geospatial data sharing and appropriate strategies to support AZGEO, facilitate interagency coordination of geospatial data sharing to enhance and support state, federal, and local government business systems, and to incorporate user requirements on matters related to geospatial data, services, standards, applications, and activities to improve data sharing and use. The committee accomplishes this by:

- Providing a forum and structure to discuss current geospatial data, initiatives and technologies
- Facilitating interagency coordination and encouraging geospatial data sharing
- Developing a Data Management Plan to facilitate data sharing and use of AZGeo as Arizona’s state-wide geospatial clearinghouse.

Standing items of discussion include:

- Statewide data coordination
- National Agriculture Imagery Program (NAIP)
- Three Dimensional Elevation Program(3DEP)
- The National Address Database (NAD)
- Census & Local Update of Census Addresses (LUCA)
- All Roads Network of Linear referenced Data (ARNOLD)

### Data Sharing

Jenna Leveille & Steve Whitney

### LiDAR

Mark Christiano & Jenna Leveille

### Natural Resources

Glen Buettner & Nicole Eiden

### SPCS 2022

Brian Fisher & Jack Avis

### UAS

Chuck Powell & Debby Crouse

See next page for workgroup details

# AGIC Council

## AGIC Data Committee Howard Ward/Jenna Leveille

### UAS Chuck Powell/Debby Crouse

The AGIC Unmanned Aerial Systems (UAS) Workgroup works to help organizations and individuals incorporate or contract for UAS services as well as identify or develop educational resources.

- UAS mission suitability of use guidelines and flight requirements
- Identify or develop educational materials, seminars, and other opportunities for information exchange

### LiDAR Mark Christiano/Jenna Leveille

The AGIC LiDAR Workgroup is focused on promoting all aspects of LiDAR (Light Detection and Ranging) efforts in Arizona:

- information exchange to facilitate lidar acquisition and collaboration (especially through 3DEP program)
- the distribution of lidar related products via AZGeo
- education and outreach and
- the development of best practices and data standards materials.

### Data Sharing Jenna Leveille\Steve Whitney

The goal of the AGIC Data Sharing Workgroup is to research best practices for GIS data sharing, and publish guidelines to assist organizations in making their GIS data as widely and freely available as possible.

### SPCS 2022 Brian Fisher/Jack Avis

The purpose of this work group is to organize Arizona Stakeholders so they may communicate with a unified voice regarding the National Geodetic Survey design team proposed redesign of Arizona State Plane Coordinate Systems. The group will also advise the Arizona State Land Commissioner and other state agencies about potential proposals for State Statute updates for the Arizona State Plane Coordinate System.

### Natural Resources Glen Buettner/Nicole Eiden

The Natural Resources workgroup facilitates geospatial data sharing and tool development to support natural resource work across Arizona. They provide a forum for geospatial informational exchange that enhances and supports government, tribal, private, and non-profit natural resource efforts through coordination and identification of cost sharing opportunities.

## AGIC Council

### AGIC Outreach Committee

Cheryl Thurman/Jenna Leveille

The mission of the Outreach Committee is to facilitate informational exchange between federal, state, tribal, regional and local governments, the private sector and professional associations. The committee is also tasked with collecting information on user requirements on matters related to geographic information systems, technologies, products, services, standards, programs and activities. The goals of the committee include:

- Increasing AGIC awareness and participation
- Updating and maintaining the AGIC webpage and social media
- Updating AGIC outreach materials, such as tri-fold pamphlets and AGIC newsletters.
- Supporting and participating in important GIS activities within Arizona, such as educational workshops, local user group meetings, and GIS Day events.

### Social Media

Paul Minnick

The Social Media Workgroup focuses on building and maintaining AGIC profiles on various social media platforms, including LinkedIn, Facebook, and Twitter.

The AZGeo Work Group mission is to coordinate a sustainable future for the state geospatial clearinghouse, AZGeo, as a central repository for geospatial data and statewide geographic information system services, facilitate the advancement of AZGeo to enhance and support state, federal, and local government business systems, and to incorporate user requirements on matters related to geospatial data, services, standards, applications, and activities to improve data sharing and use. The work group achieves this by:

- Providing a forum and structure to assess the ongoing development of AZGeo as the state geospatial clearinghouse
- Facilitating the development of best practices, data standards, and specifications for AZGeo contributors
- Facilitating interagency coordination and encouraging geospatial data sharing utilizing AZGeo
