

CTE'S GEOSPATIAL TECHNOLOGY PROGRAM PRESENTS

# Mapping the Desert

Discover the World from Above

12/05/2018 | 1:00PM - 3:30PM | 3C Building | Cost: Free

Please join us at Arizona Western College for an opportunity to learn more about an exciting new world of Unmanned Aerial Systems and Geospatial Technology!

We are honored to have Dr. Sarah J. Nilsson, Esq. as our keynote speaker! Sarah Nilsson has both an aviation and a legal background. She began her career as a pilot in 1994 and is the author of *Drones Across America*, and co-author of *Practical Aviation and Aerospace Law*. Sarah is an expert in UAS regulation, law, and policy, and makes many media appearances.

A panel of GIS and UAS experts will be available for a question and answer session immediately following Sarah's presentation.

## Keynote Speaker:

Dr. Sarah J. Nilsson, Esq.

Reetika Dhawan Dean of Career and Technical Education  
Maria Doten Outreach Coordinator Career and Technical Education
